

Durobor[®]

MADE IN BELGIUM

DUROBOR IN FEW WORDS

INNOVATION, DESIGN AND EXPERTISE

Durobor® was established in 1928, as the first company to introduce the automated process of manufacturing drinking glasses in Europe. Today, Durobor® continues in the same spirit of innovation, with its philosophy of “market pioneer”, and stands out as a designer, producer & concept leader not just as a manufacturer.

The well-known innovative design of Durobor® glasses is adapted to their use and to meet the requirements of the professional sector: the ultimate combination of attractiveness and functionality.

TREND SETTER

Recognised around the world for its specific glasses dedicated to the world of drink, Durobor® has come up with a truly revolutionary concept: the stunning glass receptacles that can be used for food. Ultra chic glasses & verrines which combine the joys of design and art de la table.

HEAVY BASE & BUBBLE

The Bubble in the heavy base: a distinctive symbol of the brand.

DECORATION EXPERTISE

Durobor® is one of the main suppliers of glasses to the beverage industry: design, production & decoration expertise.

MADE IN BELGIUM

Each glass produced by Durobor® is made in our Soignies plant, Belgium.

DUROBOR QUALITY

Durobor® glasses are renowned for their quality and robustness. Professionals are our best ambassadors.

Helsinki 711/46
Norway 716/46

Durobor's glasses encourage you to taste, create, share and savour. Let yourself succumb to the expertise of a company that knows how to stay ahead of the game with its innovative new concepts.

Durobor® has been going out to meet professionals in related fields of activity... all opened their doors to share their world and their expertise.

This reflects the creativity,
energy and quality of made in Belgium.

WHY DUROBOR ?

LONG LASTING & MORE RESISTANT PRODUCTS

The specific burn off system of Durobor® gives all the resistance to the part of the glass where most abuse occurs : the rim.

The bead obtained by the cutting process of Durobor® reduces substantially the risk of breakage at the edge.

SUPERIOR RESISTANCE

Durobor® produces durable glasses with increased resistance for an intensive professional use: mechanical shocks resistant.

If you evaluate the minimum assortment of glassware required for a rush service in a bar based on a capacity of 50 guests, you need:

Long drink glasses	> 200 pces	Cognac glasses	> 50 pces
Water glasses	> 70 pces	Whisky glasses (2 models)	> 100 pces
Hi-ball glasses	> 70 pces	Beer glasses	> 150 pces
Old fashioned glasses (2 sizes)	> 140 pces	Special beer glasses	> 50 pces
Champagne glasses	> 50 pces	Shooter glasses	> 50 pces
Wine glasses (2 sizes)	> 100 pces	Appetizer glasses	> 150 pces
Cocktails glasses	> 70 pces	(Depending of your activity, we can suggest you an adapted selection)	
Special cocktails glasses (2 models)	> 100 pces		

Based on an usual average breakage rate, Durobor® glasses allow you to save +/- 200 glasses/year in previous selection. □

UNIQUE & SPECIFIC DESIGN

Adapted to the professional sector:
While looks are always important,
no line is without a practical
advantage

STRONGER RIM

DISHWASHER SAFE

including industrial one
